PREFACE

This Handbook includes information about the history and tradition of Stillman, campus life, support services, and the Student Government Association. For more information on academic regulations, course fees, etc., consult the Stillman College Catalog. Stillman is characterized by friendliness, cooperation, and a continuous search for truth. Stillman is a community committed to the wellbeing of all members of our community. Each student who enrolls at Stillman becomes a member of the “**STILLMAN FAMILY.**” We are committed to practicing diversity, equity, and inclusion across all aspects of the College.

To assist Stillman in establishing a productive, respectful, and thriving community, the College has developed policies and procedures that govern and support our shared community values. To that end, students share responsibility to ensure their behaviors are grounded in integrity, respect, and trust. Each of us hold the responsibility for the wellbeing of all our students, faculty, and staff. The vitality and vibrancy of our community is damaged when an individual’s behaviors work against our shared values.

When conflict or disagreement arises, students are encouraged to turn toward one another and work through dialogue as an important step to resolving conflict, and if necessary, engage a Student Affairs representative to help address the disagreement. Together we all share the responsibility of creating an inclusive community and an academic environment in which we live, learn, and work.

The Stillman College Student Handbook (Handbook) is produced by the Division of Student Affairs and is a compilation of official policies of the College. The Handbook helps the College frame our community expectations for students and informs the students of these expectations. Overall, the Handbook includes information regarding student support resources and services; policies and procedures that help establish a healthy and inclusive College community; and addresses some academic and other administrative resources and guidelines. This Handbook is shared with every student enrolled at the College, and students are expected to read and adhere to its policies, regulations, and procedures. Students are responsible for abiding by all College rules and regulations as soon as they arrive on campus. Students should contact any member of the Student Affairs Division staff if they have questions or need advice regarding the College’s policies. The Handbook and specifically, the Student Code of Conduct, creates a set of expectations for student conduct, ensures a balanced process for determining responsibility when behavior may have deviated from those expectations, and provides appropriate sanctions when a student or student organization/team has violated the Student Code of Conduct. When addressing allegations of misconduct, effort will be made to balance the needs and rights of the student or student organization/team with the welfare of the greater College community.

Rules and policies are reviewed annually and may be changed at any time without prior notice. The community will be notified annually of changes that occur after the Student Handbook is published each fall.

MESSAGE FROM THE VICE PRESIDENT FOR STUDENT AFFAIRS

Dear Students,

This year, some of you begin a journey. It prepares you to be leaders and world changers within a variety of professions after you graduate. Others return to Stillman as your second home, as you continue developing the many gifts that will enable you to achieve your dreams and aspirations. As members of the Stillman family, you have responsibilities to your community, whether you are on or off campus. My Student Affairs colleagues and the faculty and staff ask each of you to remember that the President, Board of Trustees, alumni, staff, faculty, and Stillman friends continue to make sacrifices to build this exceptional institution. Please join us in this commitment. Show your appreciation by adhering to the Student Handbook. Always treat your brothers and sisters with love and respect. Every day, you must be conscious that your choices impact the community either positively or negatively, particularly the emotional and physical safety of others. Always choose the positive. Caring for others is an indispensable characteristic of leaders.

Forming lifelong friendships and having fun is an important part of the Stillman experience. However, remember that you joined the Stillman family to learn, in and outside of the classroom. Student Affairs collaborates with Academic Affairs to help you make meaningful connections between how you learn in the classroom and how you live within Stillman and the world outside its campus. The Handbook is important. It is your guide for creating a healthy, safe, and inclusive campus where every member can maximize his or her personal potential and use his or her God-given gifts to thrive as images of God.

It is imperative that you familiarize yourself with the expectations and procedures throughout the Handbook. It explains not only your rights but also your responsibilities for maintaining the standards of our community. You join generations of Stillmanites who have used the values and skills of leadership and service to change their communities and the world. Welcome home!

Sincerely,

Gordon A. Govens, J.D., Ph.D.
Vice President for Student Affairs

STUDENT COMMITMENT STATEMENT

Stillman, as a private church-related institution, earnestly seeks to establish a campus community where the living and learning experiences exert a positive influence in the lives of our students – physically, mentally, socially, and spiritually. Stillman believes that your familiarity with and observance of our Student Honor Code/community values are truly necessary.

To achieve this goal, the *Student Handbook* is provided to you to assist you in adapting to our Stillman family. You are encouraged and required to read the values section carefully; it will greatly facilitate your success as a student at Stillman. Among the many issues covered in the *Student Handbook*, four are very important to the College community and deserve special mention.

First, advancing the personal well-being of each student and promoting responsible action are important goals of the college; therefore, a violence-free, alcohol-free, drug-free, and tobacco-free campus environment is expected and enforced.

Second, the College seeks to develop and reinforce positive and exemplary attitudes, speech, and action; therefore, we take the position that (a) public use of profanity and vulgar/abusive language (b) theft and vandalism (c) dishonesty such as lying, cheating and disrespect, and (d) engaging in or giving the appearance of immoral behavior or physical violence on or off-campus are prohibited; therefore, persons found guilty are subject to disciplinary action which could lead to probation, suspension, or expulsion from the College.

Third, fellowship and worship are an integral part of the Christian experience; therefore, students are expected to attend weekly chapel/convocation services and programs.

Fourth, promoting acts of leadership and service to humankind is an essential aspect of the College's mission statement; therefore, each student and student organizations are expected to engage in leadership and community service projects.

The implementation and enforcement of our community values/student honor code represents our application, knowledge, and understanding of basic Christian beliefs and traditions, making Stillman a very special and unique place, to be preserved for contemporary and future generations. Stillman welcomes you into its family as one who will join our community to be a positive influence for good, who will be a conscientious campus citizen, and who will seek to prepare for responsible citizenship. Our entire college program is designed to assist you in becoming the Stillman Man and the Stillman Woman demonstrating competence, character, compassion, and commitment. Best wishes are extended to each of you for a very successful collegiate experience.

MISSION, HISTORY, TRADITION

Stillman is a liberal arts institution, committed to fostering academic excellence and to providing high quality educational opportunities for diverse populations with disparate levels of academic preparation. Primarily a teaching institution, Stillman has a proud and evolving tradition of preparing students for leadership and service in society.

Stillman has a historical and covenantal affiliation with the Presbyterian Church (U.S.A.), whose Reformed tradition and commitment to the cultivation of the mind correspond well with the mission of the College. The College via its constituents is committed to service for the common good. The entire academic enterprise, under girded with the principles of faith and ethical integrity manifests constructive compassion as it confidently pursues the best in scholarly inquiry and creative endeavors.

The College's purpose is to provide a student-centered, fulfilling, technologically enriched educational experience that will among other outcomes, produce graduates who will:

- Think carefully and logically about and express with clarity their observations, experiences, and findings concerning the world they live in via written and spoken forms;
- Exhibit competence in their disciplines, character in their work with others, and compassion toward all people consistent with an education in a Christian environment;
- Qualify for admission to and success in graduate and professional schools or for entry into selected careers;
- Manifest the ability to do independent research, demonstrate objective scholarship, and exhibit creative production/performance appropriate to their disciplines.

HISTORY

Stillman College, authorized by the General Assembly of the Presbyterian Church in the United States in 1875, held its first classes in the Fall of 1876 and was chartered as a legal corporation by the State of Alabama in 1895. The Institution's history, however, dates to 1874 when a group of Presbyterians from Tuscaloosa, Alabama, headed by the Reverend Doctor Charles Allen Stillman, presented an overture to the General Assembly of the Presbyterian Church in the United States asking the Church to establish a training school for Negro ministers. In the years that followed, the need for academic as well as theological training was recognized, and the young school founded by Dr. Stillman enlarged its academic program under his leadership. With a strengthened academic program, the school decided that its purpose should include educating blacks other than those preparing for the Christian ministry. In 1898, the school now named Stillman Institute in honor of Dr. Stillman, who had died in 1895, moved to its present location in

the western section of Tuscaloosa. The General Assembly of 1899 approved the opening of the school to all women as well as men who wished to enter.

This decision led to the second phase of Stillman's growth. In the next five decades, with the aid of the Church and under the able leadership, first of Professor W. F. Osburn and later of Professor A. L. Jackson, the school grew and expanded in purpose. During these years, the school acquired its present campus tract of over 100 acres, organized a junior and senior high school and established a junior college program, which was accredited in 1937. In addition, between 1930 and 1946, it operated a hospital and nurses training school.

These accomplishments led to the third and present phase of Stillman's history, which dramatically links Stillman's continuing vital educational role and the changing face of the South. This phase grew out of the following elements: the raising of educational aspirations created by the College's concentration on Christian-inspired education rather than training for the ministry, the stiffening of state requirements for teaching certificates, and the gradual but inevitable increase in employment opportunities for blacks.

With the administration of Dr. Samuel Burney Hay, from 1948 to 1965, the school pursued a goal to which both the demands of the times and its own developing concept of its educational purpose directed it; namely, a senior liberal arts institution. In 1948, the name was changed to Stillman College, and the following year Stillman was expanded into a four-year college. Stillman graduated its first baccalaureate class in 1951 and was accredited by the Southern Association of Colleges and Schools in 1953. Under Dr. Hay, seven new buildings were constructed: a gymnasium, a library, an administration-classroom building, two women's residence halls, a prayer chapel, and a college center.

Dr. Harold N. Stinson, the first African American to assume the presidency, served from 1967 to 1980. New programs designed to improve educational quality were instituted, and new facilities included two men's residence halls, faculty apartments, a maintenance building, and a mathematics-science center. Snedecor Hall, Batchelor Building, and Birthright Auditorium were renovated.

Dr. Cordell Wynn, the fourth President, served from January 1982 through June 1997. During Dr. Wynn's tenure, the appearance of the campus improved dramatically; Winsborough and John Knox Halls were renovated, and the Marie Lundy Wynn Hall was erected. Under his leadership, the enrollment grew beyond 1,000, the endowment increased, and the educational program broadened to include the Stillman Management Institute and a community-service component.

Dr. Ernest McNealey, the fifth President, assumed office in July of 1997. Dr. McNealey brought an emphasis on technology, connecting all buildings with fiber optic cable, providing lap top computers to students, providing computers and training for faculty and staff, and creating new laboratories for students. Admission standards were raised, the Harte Honors College created, and pre-professional programs established. A stadium, a residence hall, a fine arts center, an education building, and a formal campus entrance were also constructed.

Dr. Peter Millet, was named Interim President in September 2013 and assumed the office of President in July 2014. Dr. Millet stepped down in December of 2016.

Dr. Cynthia Warrick served as Interim President during the Spring of 2017. She was appointed as President in April and assumed the office in July 2017. She has brought a wealth of expertise as an experienced educator, researcher, and administrator. She has already made significant improvements in the College's campus experience with a new administration, improved food service, a student-friendly campus culture, and improved relationships in the community and with the Presbyterian Church (U.S.A.).

TRADITIONS

Stillman, like most colleges, has its traditions. They are full of meaning. Some which reach back into the school's early history, while some are of more recent origins. Most traditions stem from "that OLD STILLMAN SPIRIT" which has a way of lodging in the hearts of all; students and faculty alike experience this transformation. This "SPIRIT" is exemplified by the sincere "HELLO" with which Stillmanites greet each other, the townspeople, and campus visitors. It is also evidenced in that invisible bond that ties together the Stillman community, not only on campus, but also around the world. Some of the better-known traditions include:

The Magnolia Trees in the center of the campus. Here in a grotto of aged boughs exists an aura perfect for thoughts of home, courtship, relaxation, and the reflection of the day's experiences. This is a sacred place to many.

The stately columns of the Sheppard Library embody the rich tradition of Stillman's distant past and promising future.

Other traditions include the New Student/Faculty/Staff Confirmation Ceremony; the Coronation; Greek Activities; various Residence Halls events; Choir and Band Concerts, Opening and Spring Convocations, Chapel, Religious Emphasis Series, Homecoming, and Student Choice Awards Ceremony.

These traditions come from the soul of our College. They constitute an essential part of the life at Stillman.

STUDENT RIGHTS AND FREEDOMS

Stillman College endorses academic freedom. The College also endorses citizenship freedoms including freedom of peaceful assembly, freedom of the press, and freedom to petition for redress of grievances.

The College seeks constructive changes and will work with the faculty and the Student Government Association to make necessary revisions in programs, policies, and procedures. The College, moreover, respects the right of students to criticize, dissent, and protest without infringing the rights of others.

Academic freedom, however, is not academic license. Therefore, in the interest of ensuring the quality education that teachers provide, and which students receive, Stillman will not tolerate the use of physical force or physical destruction or other activity which infringes upon the freedom of others, denies the opportunity for teachers to teach and for students to learn, or interferes with the right of speakers to speak and listeners to listen. The College maintains that the rights and freedoms of students do not include the right to hamper and restrain the movements of others; to interfere with school operations which includes the conduct of classes and the performance of office work; to obstruct movement into, through, and out of school buildings; to disrupt school operations; to seize and occupy school buildings, to injure persons, or to damage or destroy property.

The College affirms and supports the basic principle that free inquiry and free expressions are fundamental and indispensable rights, to be enjoyed by all members of the academic community. The College does not condone dissent that expresses itself through the use of physical force and/or physical obstruction. Therefore, students who use physical force and/or physical obstruction to force their wills upon others will be held fully responsible. Discipline for such actions will be prompt, and consistent with the provisions of the Student Handbook or local, state, and federal laws.

DISCIPLINARY POLICIES AND REGULATIONS

STUDENT CODE OF CONDUCT

College rules and regulations are found in this Student Handbook and addenda disseminated from time to time by Stillman (hereinafter “Handbook”). All students are responsible for reading this Student Handbook. The College expects each student to know and observe all values and behavioral expectations of the Student Code of Conduct, and is familiar with the information contained in all College publications.

Each student voluntarily chooses to be a part of the Stillman community, and as a member, agrees to abide by established values. Stillman has established reasonable expectations that contribute to the common good of its community. Being a contributing member of the community requires that selfish individualism gives way to what is best for a caring, orderly, and just community.

Stillman is committed to providing fair and equitable treatment to all students in student disciplinary matters. It also has an equal obligation to protect its educational purpose and the interest of its student body; therefore, the College is concerned with the actions of individuals or groups that are in conflict with the welfare and integrity of the College and disregard and infringe the rights of other students, faculty or other members of the College community.

All students representing the College, are expected to conduct themselves in a manner that reflects positively upon the College. When students enter Stillman, the College expects them to have a serious purpose, and a sincere interest in their own social and intellectual development. The College also expects students to familiarize themselves with its policies and regulations, and accept them as a way of life during their stay at the College. Students are expected to learn to handle problems intelligently, reasonably, and with consideration for the rights of others; to obey laws and ordinances of the nation, state, and local community; and to conduct themselves peaceably when espousing changes they seek within the community.

Student discipline is a part of the educational process. Appropriate standards of conduct are established in keeping with the achievement of the College’s Mission. The nature and procedures of the disciplinary process determine whether misconduct warrants **warning, probation, suspension, severance from the residence halls**, or other disciplinary actions or dismissal from the College.

Disciplinary action may be initiated against students because of misconduct that arises on or off campus when the student is in violation of federal, state and local laws, as well as to College-wide policies and regulations, or which materially or adversely affects the College or an individual’s suitability to be a member of the Stillman community. When a student demonstrates that he or she does not respect Stillman’s purposes, that student forfeits the right to remain a part of the Stillman Community. A student is not

entitled to greater immunities or privileges before the law than those enjoyed by other citizens generally.

Students are expected to comply with the spirit as well as the letter of student conduct rules. By definition, a student in good standing is not on any type of probation (i.e. academic, financial, disciplinary, residence hall). All students are required to remain in good standing at Stillman to receive institutional financial aid the following year. Probation or suspension is cause for cancellation of institutional aid.

A student or student organization found to have violated any of the College's rules or regulations shall be subject to appropriate disciplinary response by the Vice President for Student Affairs or other disciplinary body.

Disciplinary action may also be initiated against students involved in violations outside of Stillman campus, including, but not limited to, areas of public access within the bounds of the Stillman campus, on the grounds of any properties controlled by Stillman, or at the location of College-sponsored activities or events. College-owned apartments and houses rented from the College are considered campus housing. The office of the Vice President for Student Affairs will enforce College policies and values. College officials will make periodic safety and property inspections.

Individuals formerly enrolled at Stillman may still be subject to the College disciplinary process for violations occurring while they were enrolled in or associated with the College.

Students committing a city, state, or federal crime are subject to disciplinary action, and/or civil action, and the case may be turned over to police authorities.

Stillman is a drug-free and alcohol-free campus, and to maintain it as such, officials may do random alcohol and/or drug testing and may use investigatory devices such as checking student dormitory rooms and College run apartment housing. When the College believes there is presence of (including but not limited to) drugs, drug paraphernalia, alcohol, or other prohibited items and/or behaviors which are in violation of the policies stated in this Student Handbook, and or Residence Hall Policies, a search of the student's property may be conducted for any reason, at any time, without notice, without student consent, and without a search warrant.

The breach of any regulation may result in the imposition of any of the disciplinary responses set forth in this Handbook, including expulsion. The severity of the disciplinary response imposed will depend, in each instance, upon the circumstances of the violation. Repeated violations and/or combinations of violations will result in disciplinary action more severe than if only one violation occurred.

Students who have a disciplinary history or reprimand of any sort in their student record may be prohibited from participating in all programs offered by the College.

Egregious acts of disrespect/misconduct such as assault and/or cursing a College official may result in immediate suspension/expulsion from the College.

Judicial System

It is in the best interest of the College and its members to function, when possible, as a self-contained community addressing disciplinary matters. Assurance that fair sanctions will be imposed on those found guilty of misconduct will help the College preserve order. The College Judicial System is designed to help the College exercise proper control over its disciplinary affairs, while simultaneously conscious of the rights and competence of the civil authorities in such matters.

Lawyers, physicians, and other third parties are not permitted to participate directly in student affairs matters, including judiciary procedures. Appeals, notifications, and requests from third parties will not be accepted or honored. Procedures have been established that ensure reliable determination of the issues, and affords fundamental fairness to any student accused of misconduct.

These policies and regulations set forth administrative and judicial procedures for dealing with those students who are accused of violating the policies and regulations.

Jurisdiction

Students are subject to all state, federal, and local laws and accountable to the city, state, and federal courts for any violation of such laws. A charge alleging that a student has violated a city, state, or federal law is also subject to on-campus judiciary review. College disciplinary proceedings and hearings are not criminal proceedings. In cases involving the alleged violation by a student, on or off the campus, of a state, federal, or local law, the College may consider but is not bound by any action taken with regard to the same violation by city, state, or federal courts or officials.

THE STILLMAN STUDENT DISCIPLINARY SYSTEM

Stillman aspires to have a safe and sound educational environment that facilitates high standards of excellence for our students. In such an environment, we must depend on students to comply with reasonable rules of order and discipline. The student disciplinary system of the College consists of the Student Court, Judiciary Committee, and the Vice President for Student Affairs.

STUDENT COURT

The Residence Directors may handle infractions occurring in the residence halls. In such cases where the facts are in dispute, cases may be referred to the Student Court. The Student Court will forward its decisions and recommendations to the Vice President for Student Affairs. The decision of the Vice President for Student Affairs is final. Minor infractions occurring in places other than the residence halls and where there is dispute will also be referred to the Student Court. For detailed jurisdiction, composition, organization and powers of the Student Court, please refer to the Student Government Association Constitution.

JUDICIARY COMMITTEE

The College employs a robust philosophy of reintegrative justice to all students who are found in violation of the student code of conduct. Reintegrative justice seeks to change the heart of the actor through encouragement and actions designed to stop disruptive behavior without labeling and stigmatizing the individual.

As such, the Judiciary Committee at Stillman College and the Vice President for Student Affairs are committed to ensuring that every violation becomes an opportunity for student development and redemption. Thus, except in the most egregious cases, where the student(s)'s actions pose a bodily, financial, or legal threat to the student, another student, the student body, the faculty and staff, or the College, expulsion should be avoided.

Reintegrative discipline is guidance and teaching that promotes positive behavior. Our goal is to lead students to grow in self-discipline so that external discipline through sanctions becomes less needed. Consequences are used to encourage and reinforce proper behavior and to ensure the safety of the Stillman College community, but discipline must always accompany bringing about the student's moral, intellectual, and spiritual formation and therefore, change of behavior. Our goal is not just to discipline past behavior but to change future behavior.

Serious infractions will be referred to the Judiciary Committee, which reports its decisions and recommendations to the Vice President for Student Affairs. While the President reserves the right to review any matter in this area, decisions of the Vice President for Student Affairs are final. The Judiciary Committee will also render judgment in matters of academic dishonesty, charges of academic malfeasance or misfeasance, and in other matters under the College Code of Conduct. In matters having to do with academic integrity, the decision of the Vice President for Academic Affairs is final. Pursuant to the Stillman College Faculty Handbook, the Judiciary Committee is composed of four members from the faculty, two members appointed by the President, and three students appointed by the Student Government Association.

THE AUTHORITY OF THE VICE PRESIDENT FOR STUDENT AFFAIRS

The President, in the capacity of chief administrator of the College, has delegated responsibility and authority for establishing, monitoring, and enforcing regulations governing student life to the Vice President for Student Affairs.

Anyone can refer a matter to the Vice President for Student Affairs. The Vice President will refer the matter to the appropriate hearing body. The decision of the Vice President for Student Affairs regarding cases from Student Court and the Judiciary Committee is final. The President, however, reserves the right to review any matter in the disciplinary process.

CAMPUS STANDARDS

Misconduct or inappropriate behavior refers to personal or group behavior, on or off campus, that violates the values that guide and govern behavior and violate the Student Code of Conduct. The following listing is not inclusive but is intended to guide the student in understanding the types of behavior that are deemed inappropriate, and which may result in disciplinary responses. Listed below are the recommended minimum disciplinary responses in the event the student is found guilty of violating a student code. Additional disciplinary responses may be issued in the event circumstances warrant, as determined by the Student Court, the Judiciary Committee, the Vice President for Student Affairs or the President. The following are examples of inappropriate behavior but is not an exhaustive list:

Academic Dishonesty

- a. Definition: The intentional misrepresentation of all or part of one's work to deceive for personal gain, or assisting another to do the same. Academic dishonesty includes, but is not limited to, cheating, plagiarism, fabrication, and/or submission of work, via written or electronic means, all or any part of which was developed in response to the assignment of an instructor.

The minimum legal drinking age in the State of Alabama is twenty-one (21) years of age. Students should also be aware of the fact that Stillman does not permit the consumption, distribution, possession, sale, or manufacture of alcoholic beverages on the Stillman campus.

Whether as an individual member of the Stillman community or as a member of a student organization, the law concerning the consumption of alcoholic beverages could have a direct impact upon any individual who sponsors a party (regardless of location) at which alcohol is served. Any organization or individual who plays the role of a social host can be held liable for damages stemming from violations of the laws governing the consumption of alcoholic beverages.

1. Student(s) shall be presented the charges brought against him/her in writing at least twenty-four (24) hours before the hearing is scheduled. Any such notice shall also state that if the student fails to appear before the hearing body (Student Court, Judiciary Committee) without just cause, the hearing shall be heard in his/her/their absence.

2. The student shall be entitled to be present at the hearing during the presentation of any matter on which the decision may be based.
3. The student shall be entitled to present his or her case through statements, questions, witnesses, and other forms of evidence. The student shall be entitled to be accompanied by an advisor. An advisor shall be a member of the Stillman Community i.e. student, faculty member or an administrative employee of his or her choice. Lawyers will not be permitted to attend the hearing, address the hearing body, deliver statements, or question witnesses.
4. The Student shall be entitled to make a written or taped record of the events of the hearing. The College will require that all such records remain in its custody; provided, however, the student has access to the record for all purposes relating to hearings.
5. The student shall be entitled to a written notice of the results.
6. In cases adjudicated by the Student Formation and Community Life Managers, the student shall have the right to appeal the decision to the Vice President for Student Affairs. Please refer to the appeal process section of the Student Handbook.

The opportunity for the accused to be heard is guaranteed, but failure to take advantage of the opportunity implies acceptance of the judgment of the hearing body.
4. The student has the right to be assisted by an advisor from the College community, (e.g., a student, faculty member or an administrative employee of his/her choice), but lawyers will not be permitted to attend the hearing, address the Court, deliver statements or question witnesses.
5. The accused has the right to present a defense and witnesses in his/her behalf, and the right to examine witnesses presented by the College and by his/her accusers. The Student Court or Judiciary Committee shall have the power to regulate the course of the hearing, to limit the presentation of unduly repetitious or cumulative evidence, to provide for the taking of testimony by Affidavits, and to exclude from the hearing any person for indecorous or improper conduct committed in the presence of the hearing body.

SANCTION RESPONSES

Active Avoidance Agreement

A student agrees to actively refrain from any and all contact with a particular student.

Campus Service

A student may be directed to complete a specified service task or number of service hours on Stillman campus grounds. Students may be charged \$10 an hour for every hour of uncompleted service if they leave the College prior to completion of the service or do not complete the campus service by the specified deadline. A student may be given additional hours, fines and/or reappear before a disciplinary body if the campus service is not completed by the assigned time.

Community Service

At the discretion of the adjudicating body, a student may be required to complete a specified service task or number of service hours for a Tuscaloosa community service agency as retribution for an infraction. A student may be given additional hours, fines, and/or reappear before a disciplinary body if the community service is not completed by the assigned time.

The Student Court, Judiciary Committee and or the Vice President for Student Affairs will determine the nature and length of the community service. This sanction may be imposed in conjunction with other sanctions.

Counseling Referral

In certain instances, a student may be referred to counseling services available through Stillman. The purpose is to provide a supportive relationship as a balance to the challenge of discipline. Such a referral will be made when a student who is involved in a disciplinary case manifests behaviors and/or attitudes, which inhibit his/her ability to function effectively as a member of the College community.

Disciplinary/Social Probation

Any student found responsible for a violation of the student code of conduct can be automatically placed on disciplinary probation. This action implies a middle status between good standing at the institution and suspension or dismissal. During the time the student is on disciplinary probation, the College may reevaluate its relationship to the student. Participation in extracurricular activities may be prohibited during the term of probation. Active involvement or leadership in student organizations is strictly prohibited. Disciplinary/social probation is for a specified period of time and deprives the student of the following nonacademic privileges:

1. Representing the College or his/her class;
2. Participating in extracurricular activities, involvement in events before or as a representative of the College community i.e. athletics, band, tour choir, dance team, cheerleading, pageants, drama, talent/step shows, campus organizations, clubs, or intramural programming;
3. Participating in membership intake process of a sorority/fraternity or participating in any sorority/fraternity activities;
4. Holding office or leadership roles in any campus organization. While on probationary status of any type with the College, students may not apply for, or be elected or appointed to any leadership position with the College;
5. May be cause for forfeiting institutional awards or grants;

6. Residence hall privileges, e.g. open house.

Depending on the nature and severity of the infraction, a student may also be restricted from visiting the opposite sex residence halls. Disciplinary probation may be imposed in conjunction with removal from College housing as well as other sanctions. The College through the Vice President for Student Affairs may establish appropriate procedures to monitor a student's compliance with disciplinary probation.

Disciplinary probation may be recommended by the Student Court or Judiciary Committee and imposed by the Vice President for Student Affairs. It is generally used for repeated minor infractions as well as serious infractions, which include, but are not limited to, violations of College regulations regarding verbal abuse, disorderly and indecent conduct, non-compliance with the directives of College Officials, intentional disruption of College activities, and/or consumption/possession of alcoholic beverages.

Educational

Students found responsible for violations of the student code of conduct may be required to write research papers, conduct interviews, respond to journal articles or fulfill other such educational responses. The purpose is to help the student learn and grow as a result of this process.

Expulsion/Dismissal

Expulsion terminates student status with the College permanently. This constitutes involuntary separation from the College with no recourse to return. Dismissal may be recommended by the Student Court, Judiciary Committee, or imposed by the Vice President for Student Affairs. Expulsion/dismissal is generally used for serious infractions, which include, but are not limited to, violations of College regulations regarding distribution, sale or manufacture of drugs; physical altercation/abuse; theft; fraud; forgery; and violations of other criminal laws.

Growth Initiative

A policy that grants a student immunity from punitive discipline if he or she initiates a request for help and show evidence of a contrite heart. Such a request must precede any disciplinary confrontation resulting from inappropriate behavior or violations.

Interim Suspension

If College officials believe that the presence of a student may cause danger or harm to other students and/or the College community, this response may be used prior to a meeting, which will determine the long-term response to a student.

Letter of Reprimand/Warning/Censure

In instances of less serious deviations from the norms of good conduct, the student may be censured or warned of the possible consequences of continuing such behavior. No official action is taken unless or until similar misconduct or other unacceptable conduct occurs subsequently.

Students who have been reprimanded/warned must conduct themselves in an exemplary manner or appear before the appropriate disciplinary body. The letter of reprimand/warning is placed in the student's permanent disciplinary file.

Medical/Psychological Leave of Absence

Continued enrollment and/or re-admission **may** be withheld for medical and/or psychological reasons. This policy applies to a student with an emotional, psychiatric, or physical disorder who engages in behavior that is potentially harmful to himself/herself and others, or otherwise renders him/her unable to follow the Student Code of Conduct. (See guidelines as established under the Psychiatric Withdrawal Policy and the Students with Disabilities Policy.)

Residence Hall Probation

This status means that a student is no longer in good standing with his/her housing unit, and certain restrictions are placed on him/her until such time he/she demonstrates that his/her conduct is again worthy of placing him/her in good standing. This status first and foremost serves as a reminder to the student that his/her infraction has become a part of his/her record and the repetition of similar or other unacceptable conduct may be cause for discontinuing residence in College housing, or involuntary separation from the College.

Residence hall probation is for a specific period of time and includes, but is not limited to, restricting the student from holding office or involvement in social activities in the residence hall, participating in any club or organizational activities or functions, attending social affairs of any type, or visiting the opposite sex residence halls. The College through the Student Formation and Community Life Managers, Student Court, Judiciary Committee or Vice President for Student Affairs may establish appropriate procedures to monitor a student's compliance with residence hall probation.

The Dean of Student Life/Director of Residence Life/Housing, Student Court, Judiciary Committee, and/or the Vice President for Student Affairs may impose residence hall probation. It is generally used for minor/residence hall infractions and violations of Residence Hall Contract and Handbook rules and regulations, and it may be imposed in conjunction with other sanctions.

Residence Hall Suspension

This status means suspension from the residence hall for a specific period of time. This action normally takes place in cases of severe or repeated misconduct. The primary effect would be to deprive the individual of College housing. The Student Formation and Community Life Managers, Dean of Student Life/Director of Housing, Student Court, Judiciary Committee, or the Vice President for Student Affairs may recommend this sanction in conjunction with other sanctions.

If this sanction is imposed, a student will have twenty-four (24) hours to vacate the residence hall (unless the Vice President for Student Affairs makes a special exception). If the student has not vacated the premises by the designated time, College-appointed personnel will remove the student's personal effects from his/her room, and the College assumes no legal or financial liability for the safety or security of such effects.

A student who has been suspended from the residence hall is found on the premises during the period of residence hall suspension; he/she will be subject to arrest for criminal trespassing.

Restitution

Restitution may be required in a written directive to (1) replace, repair, or make specific compensation for property belonging to the College or a member of the College community, which was damaged, destroyed, or misused, or (2) reimburse an individual for expenses or losses incurred as a result of the actions of the accused during the commission of a violation (labor and materials are included).

Fines and financial restitution may also be imposed for violations of residence hall policies and regulations, as well as in conjunction with disciplinary probation, residence hall probation, removal from College housing, and other sanctions.

Fines may be imposed by the Dean of Student Life/Director of Housing, the Student Court, the Judiciary Committee, and/or imposed by the Vice President for Student Affairs.

The amount of the fine/restitution will depend upon the severity and circumstances of the violation.

Stop Order

A stop order is placed on a student who has unfinished business with a College official or department such as campus/community hours, fines, a balance on his/her account; unreturned College equipment, uniform, books, etc. A stop order prohibits a student from any or all of the following, as applicable: obtaining a certified transcript, conference of degree, receiving funds, transferring to the College, and/or registering for classes. The

stop order is lifted when the student attends to the matter(s), which necessitated the stop order.

Suspension

Suspension constitutes involuntary separation from the College community for a specified period of time or until a stated condition is met. During the suspension period, a student must receive permission from the Vice President for Student Affairs to visit the campus. Please see Suspension/Expulsion Procedures below.

The Student Court or the Judiciary Committee may recommend suspension to the Vice President for Student Affairs.

Readmission to the College may be subject to review by the Vice President for Student Affairs.

Suspension is generally used for serious infractions, which include, but are not limited to, violations of College regulations regarding physical altercation/abuse, use or possession of drugs, disorderly and indecent conduct, non-compliance with the directives of College officials, intentional disruption of College activities, dishonesty, theft, forgery, fraud, possession or consumption of alcoholic beverages; sexual assault, rape, robbery, and violation of other criminal laws.

Suspension/Expulsion Procedures

A student who has been suspended or expelled, either verbally or in writing, must leave the campus within 24 hours after the relationship with the College has been severed. If a student does not leave the campus within the allotted 24 hours, or does not obtain written permission from the Vice President for Student Affairs to remain on campus, he/she will be subject to further disciplinary action. If the violation is severe and it is determined that the student's presence on campus poses a continuing danger or threat to persons, property and/or the academic process, the College reserves right to ask the student to leave immediately. A student who returns to the campus/campus related and or College sponsored activities while under nonacademic suspension or expulsion without permission will be subject to prosecution to the fullest extent of the law. Student grades and refunds will be handled in accordance with College policy.

APPEAL PROCESS

When a student believes there have been procedural shortcomings; evidentiary issues or some basis for bias regarding the alleged action, the student can set out in written detail the claims to the appropriate hearing body or to the Vice President for Student Affairs or the Vice President of Academic Affairs (if there is an alleged academic violation).

The purpose of the appeal procedure is not to provide for a new hearing at a higher level. The appeal process provides for a review of actions taken. An appeal may also be based

upon new evidence discovered. Based on the written arguments, a hearing may or may not be granted. If an appeal is denied, the student shall be provided written notification including a restatement of the sanction imposed and such other information as shall be necessary to inform the student of his/her status.

It should be noted that the episodic nature of cases precludes regular meeting times for the Student Court or Judiciary Committee. As such, hearings result from called meetings. A simple majority of the Student Court or Judiciary Committee is all that is required to conduct the business. Therefore, less than full court or committee hearings do not amount to a procedural breach or denial of student's rights.

Prescribed punishment for a given incident and its relative fairness resulting from disciplinary action is also not a basis for an appeal. However, students may submit a written request for clemency based on whatever merits they believe would be warranted.

Grounds for Appeal

The Vice President for Student Affairs shall be responsible for ensuring that students charged with violations, which constitute an offense, have been accorded both substantive rights and procedural due process with the College's established campus standards. Any one or more of the following may constitute reasonable grounds for an appeal to be heard:

1. Irregularity in the investigation;
2. The punishment, penalty, or discipline was excessive or inconsistent with the nature of the offense or
3. The Student raises new and pertinent evidence, issues, or facts that were unavailable at the time of the action.

Appeal Procedure

The student must file a written request for an appeal to the Vice President for Student or Academic Affairs within three (3) working days after written notice of the decision is given to the student or sent to his/her last known address.

An appeal will not be held after the time limit has passed. The request must contain the student's name, the date of the sanction or action and a clear statement of the basis for the appeal.

The Vice President for Student or Academic Affairs shall forward written notification to the student by campus or U.S. Postal Services mail providing the date, time, and place for the appeal. A hearing by the Student Court or Judiciary Committee and final disposition of all appeals involving the sanctions of suspension or expulsion shall be accomplished within five (5) days following receipt of notice of appeal.

While an appeal is pending, sanctions imposed by the Dean of Student Life/Director of Housing shall be in full effect. In cases of sanctions resulting in suspension or expulsion, the student shall physically leave the College-owned property within twenty-four hours after receipt of written findings and recommended penalty imposed by the Vice President for Student Affairs.

The student may return to the College for the express purpose of attending the Student Court or Judiciary Committee or for completing total separation requirements.

Appeal Proceedings

The proceedings of the Student Court or Judiciary Committee appeal hearing shall be either a written record or electronically recorded record, which shall (1) adequately identify all persons giving oral testimony at an appeal, and (2) identify all documents or other items reviewed or considered at an appeal. After an appeal hearing has been concluded, all documents and any other items pertaining to the matter shall be forwarded to the Vice President for Student Affairs who shall be responsible for maintaining the security and confidentiality of the proceedings.

The student shall be entitled to be accompanied by an advisor. An advisor shall be a member of the Stillman community i.e. student, faculty member or as administrative employee of his or her choice. Lawyers will not be permitted to attend the hearing, address the Vice President for Student or Academic Affairs, deliver statements or question witnesses.

Appeal Decision

The Vice President for Student Affairs or Vice President for Academic Affairs decision may be one of the following:

1. Sustain the action of the adjudicating body.
2. Remand the case back to the adjudicating body for further consideration on new evidence not available to the hearing body at the time of its' action.
3. Reverse or amend the action.
4. Exonerate students from charges.

The Vice President for Student or Academic Affairs shall have the responsibility for rendering a final decision and will forward the decision to the student.

COLLEGE POLICIES

CELL PHONES, BEEPERS, BODY MICROPHONES, AND OTHER BODILY COMMUNICATION DEVICES

All communication devices must be turned off inside an academic building or outside during formal, school-sponsored occasions, such as graduation, chapel services, public prayers or ceremonies. Persons making or receiving calls using these devices will be asked to leave immediately and not return to that class session or event.

CHAPEL ATTENDANCE

A part of the Stillman Family tradition is regular attendance at chapel services. Students are expected to attend chapel as a part of the tradition and ethos of the College. In chapel, students and faculty have the privilege of hearing guest speakers and ministers from the local community, minister members of the College, faculty, staff, and students.

CHILDREN ON CAMPUS

While the needs of students are priorities at Stillman, the College is not prepared to assume responsibility and/or liability for the care, health, and safety of children. Child-care and baby-sitting services disrupt the educational process and infringe upon the rights of others.

The use of classrooms for child-care and baby-sitting purposes is strictly prohibited. Consequently, students who bring children to classes will be directed by faculty members to leave the classroom and make other child-care arrangements.

Child-care and baby-sitting services in residence halls and other College facilities, also, are prohibited. Children who are accompanied by a non-student adult may visit briefly within residence hall lounges only. Children may not visit residents' rooms or loiter in hallways except by permission of the residence director. Under no circumstances will a student be permitted to reside in a residence hall with his or her child.

The College will assume no responsibility for children who sustain injuries while visiting the campus in violation of this policy. Accordingly, violations of this policy by students will be considered serious infractions and will be subject to sanctions. This policy is not intended to be punitive but is made with the interest and welfare of children at heart and the rights of all members of our family in mind will be appreciated.

CLASS ATTENDANCE

Students are expected to attend all classes for which they are registered and assigned. Similarly, students are expected to meet classes at the scheduled time and to participate for the full period. Frequent tardiness (3 or more) by students and early departures may lead to the assignment of an unexcused absence. Students may be allowed as many

unexcused absences as a course bears credit. Instructors should report excess absences to the Vice President for Student Affairs. Absence from class for any cause is a loss to students and may be harmful to the grades earned for the semester.

Unexcused Absences – Unexcused absences exceeding the number of credit hours for a course can automatically suspend a student from a course. Where courses meet in 80-90 minute blocks, two unexcused absences are allowed for a 3-credit course. Double absences may be charged for unexcused absences that occur on the day before or following a holiday. When a student is suspended from a class for excessive unexcused absences, the Vice President for Student Affairs may reinstate him after a conference or counseling session with designated College staff.

Excused Absences – Students may obtain an official excuse by presenting the appropriate documentation to the Vice President for Student Affairs. The Vice President for Academic Affairs must endorse the excuse before it becomes official. Officially excused absences are permissible so long as such absences do not destroy the ability of a student to master course requirements.

Presenting Excuses – The student must present official excuses to the instructor within 7 days of the student’s return to class. The presentation of a timely excuse shall entitle the student to an opportunity to perform all class assignments missed. Seven additional days, following the return to class, shall be allowed for the student (and the instructor) to execute make-up work. Faculty must provide or forgive makeup tests and or assignments not provided during the seven-day period.

Standards Governing Excused Absences

1. Grounds for Issuing Excuses

- a. Illness of student
- b. Serious illness or death of a family member of a student
- c. Authorized representation of College
- d. Legally required court appearance

2. Documentation Required

- a. Excuses based upon illness require a statement by a physician, which spells out the exact times for which an excused absence recommended.
- b. Excuses based upon the death of a family member will require as verification a news account, funeral program, or statement from the funeral director involved. A written statement from a parent, mailed to the Vice President for Student Affairs, may be used as proof of a family illness.
- c. Excuses based upon authorized representation of the College should be verified by a published schedule or written statement from a College official or source of authorization.

- d. Excuses based upon a legally required court appearance should be verified by a copy of the document requiring such appearance.

Unexcused Absences

- a. Public transportation problems
- b. Oversleeping
- c. Automobile breakdowns
- d. Work conflicts

COMPUTER USAGE

“It is the policy of the College that faculty, staff, and students shall use technology within the scope of duties and academic work assigned and all applicable state and federal laws.” The transmission of pornographic information across the Internet is a violation of Alabama State Law and is strictly prohibited. Additionally, no member of the College community may, under any circumstances, use Stillman computers or networks to libel, slander, or harass any other person.

Limited recreational usage and game playing that is not part of an authorized and assigned research or instructional activity may be allowed within the parameters of each computer laboratory’s rules. Stillman computing and network services are not to be used for extensive or competitive recreational game playing. Recreational game players occupying a seat in any of the computer labs must give up that seat when others need to use the computer or facility for academic or research purposes.

This policy is strictly enforced. Failure to abide will result in disciplinary action and or prosecution to the fullest extent of the law. Also see College policy on LAP TOP USAGE.

CRIME AWARENESS AND CAMPUS SECURITY ACT

In compliance with the Crime Awareness and Campus Security Act of 1990, the College has developed a manual on campus security and safety for distribution to students and employees. Appropriate College personnel will distribute information contained in the Manual. A copy of the Manual is maintained in the office of the Vice President for Student Affairs.

DRESS AND PERSONAL APPEARANCE

We believe that students who select Stillman do so because of the College’s mission and commitment to preparing students for leadership and service to society. On the campus and at College-sponsored events and activities, students are expected to dress neatly and otherwise appropriately at all times. The following are examples of appropriate attire for various occasions:

1. Classroom, Cafeteria and College offices – neat, modest, casual or business casual attire.

3. Interviews, Graduate and Professional Day and Career Fairs – business attire.
4. Social/recreational activities – modest, casual attire.
5. Formal Events i.e. Student Choice Awards Ceremony, Miss Stillman Coronation - semi/formal attire, business casual.

The following is required of all students at Stillman:

1. That appropriate distinctions be made between the proper attire for class, work, church, business and formal affairs, relaxation, and play.
2. That no clothing, hygiene, or grooming practices draw too much attention to a student
3. That the following be considered examples of inappropriate attire:

 - halter tops; midriff blouses; tops cut low or sliced in the front, back or side, t-shirts
 - or other clothing bearing reference to alcoholic drinks, tobacco products, drugs, drug slogans, gangs, profane language, messages or pictures that can be interpreted as suggestive, obscene, lewd, derogatory, offensive, or violent, revealing cutout or torn jeans, hair rollers, baseball caps, pajamas, sleepwear or bedroom slippers; “wife- beaters”, and t-shirts without sleeves.
4. That neither males nor females sag pants (with or without oversized shirts or tunics) exposing undergarments. Sagging is wearing one’s pants or shorts low enough to reveal a secondary layer of clothing. Pants must be belted and worn at the waist without sagging. Persons in violation will be fined \$25 that must be paid within 24 hours of the citation. Failure to pay the fine will result in further disciplinary action.
5. That males not wear form-fitting shorts or boxing shorts without proper support undergarments.

6. That neither males nor females wear baseball caps, do-rags, hoods, knit beanies, bandanas or any other head coverings in classrooms, cafeteria or other indoor venues and public buildings. Stocking caps, skullcaps and do-rags should not be worn outside of the residence hall room and are banned from College-sponsored events on and off the campus. Refusal to remove head coverings may result in confiscation and further disciplinary action.

8. That appropriate attention is given to personal cleanliness and good grooming including hair, to present a clean, neat, and orderly appearance representative of the Stillman Man and the Stillman Woman, and the College's values and mission.
9. Additional dress regulations may be imposed upon students participating in certain extra-curricular activities that are considered Stillman College auxiliaries (e.g., athletic teams, the Band, the Stillman College Choir).
10. No sunglasses or "shades" are to be worn in class or at formal programs unless medical documentation is provided to support use.
11. Decorative orthodontic appliances (e.g. "grillz"), be they permanent or removable, shall not be worn on the campus or at College-sponsored events.

15. Students who choose not to abide by this policy may be denied admission into class and various functions and services of the College if their manner of attire is inappropriate. A faculty or staff member may give students a warning. A second warning regarding any of these guidelines may result in suspension.
16. If students have questions regarding attire for different functions or desire further clarification on what is considered neat, modest, casual, business, semi-formal or formal attire, please consult staff in the Office of the Vice President for Student Affairs.

Public buildings at the College include residence hall lobbies, buildings used for instruction and convocation, the Library, Birthright Auditorium (during classes and convocations), the Wynn Center, the Hay Student Center including the cafeteria, and the Bookstore.

ELECTRONIC DATA PROCESSING SECURITY POLICY

Stillman relies heavily on its electronic data processing systems and computers to meet its operational, financial, and informational requirements. It is essential that these systems and machines be protected from misuse and unauthorized access. It is also essential that the College's computers and computer systems and the data they store and process be operated and maintained in a secure environment and in a responsible manner.

To this end, the following are violations of College Policy:

1. Deliberate, unauthorized attempts to access or use the College's computers, computer facilities, networks, systems, programs, or data or the unauthorized manipulation of the College's computer systems, programs, or data;
2. Deliberate, unauthorized use of Stillman's facilities or equipment;
3. Deliberate, unauthorized activity which causes Stillman's computers, computer facilities, systems, programs, or data to be accessed or used; and
4. Deliberate activity (conducted in the course of one's employment with the College or in the course of one's enrollment as a student at the College) which causes non-Stillman owned computers, computer facilities, systems, programs, or data to be accessed or used in an unauthorized manner.

Any such violations of College policy by any College employee or student constitute theft and/or unauthorized use of College property.

Such offenses by students constitute non-academic misconduct and will be subject to disciplinary action.

The College may report the activity to appropriate law enforcement authorities if it appears that the activity is a violation of local, state or federal law.

EMOTIONALLY DISRUPTIVE BEHAVIOR WITHDRAWAL

This withdrawal policy applies to students who engage in behavior that is potentially harmful to himself/herself and others, or otherwise renders him/her unable to follow the Student Code of Conduct. See guidelines as established under the Psychiatric Withdrawal Policy.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) (BUCKLEY AMENDMENT EXCERPTS)

The overall purpose of FERPA is to afford parents and eligible students certain rights with respect to the students' educational records. At the collegiate level, this ACT affords rights to students, NOT PARENTS.

Student rights; as summarized in section 99.7, are as follows:

1. The right to inspect and review the student's education records.
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the ACT and the regulation authorized disclosure without consent.
4. The right to file with the U.S. Department of Education a complaint concerning alleged failures by the institution to comply with the requirements of the ACT and the regulations.
5. The right to obtain a copy of the institution's student records policy.

Copies of the Family Educational Rights and Privacy ACT, and the Student Record Policy are maintained in the Registrar's Office, the Library, and in the Office of the Vice President for Student Affairs.

FIRE ALARM SYSTEMS

Pulling alarm switches may manually activate all campus Fire Alarm Systems. NOTE: Fire alarms are local alarms only. The Fire Department must be called separately at 349-1100 or 911. Learn the location of alarm pull switches in facilities which you use frequently.

Fire Extinguisher

There are several different types of extinguishers in use. Familiarize yourself with the various types and their current applications.

Response to Fire Emergencies: "Remain Calm—Panic Kills"

General Rules for Response for Fire Emergencies:

1. Rescue persons in danger, if feasible.

2. Contain the fire by closing nearest door.
3. Report the fire by pulling nearest pull alarm, call the Tuscaloosa Fire Department (349-1100) and give exact location of emergency, then call Campus Police at 366- 8927.
4. If trapped or isolated by fire:
 - a. Remain low on the floor
 - b. Place rags, paper or any material available at door seams to reduce entry of smoke
 - c. Open windows (from top if possible)
 - d. Hang the lightest colored piece of material or clothing available out of the window/or on the exterior door knob to signal firefighters for help
 - e. Remain calm; help will arrive shortly
 - f. Don't jump from windows unless instructed to do so by firemen
 - g. Never attempt to use elevators to escape.

If the fire is not in Your Immediate Area

1. DO NOT ATTEMPT to locate the emergency.
2. Go to the nearest fire exit and proceed to the evacuation assembly point.
3. If feasible, assist others who are moving toward the exit for which you are headed.
4. Do NOT attempt to use elevators.
5. Do NOT remain in the vicinity of the facility, move to evacuation assembly points and stay there until instructions are received from a Stillman staff person.

Fire Safety Plan

The potential for fire emergency is ever present in an institutional environment. Therefore, it is mandatory that all students participate fully in all fire safety efforts. Failure to cooperate or comply with established fire safety policies and procedures will be considered a serious breach of responsibility and could result in disciplinary action.

For your protection, some campus facilities have Fire Alarm Systems, and fire extinguishers on the floor. For these systems to be effective, you must be familiar with their use and the Emergency Preparedness Plan.

Evacuation

Campus facility is to be evacuated **whenever** its fire alarm is activated.

Make yourself familiar with several means of exits from all campus facilities, which you use.

Evacuation Steps:

1. Immediately upon hearing the audible signal of the fire alarm, stop whatever you are doing.
2. Alert, if feasible, anyone else in the immediate area that may not have heard the alarm.
3. Focus on a mental picture of the route you intend to use to exit the facility.
4. NEVER attempt to use elevators to exit a facility during an emergency.
5. If at all possible, join with other individuals using the same route.
6. REMEMBER—stay calm; panic kills.
7. Move quickly and safely to exit the facility.
8. Move away from the facility and go directly to the evacuation assembly area.

HANDLING STUDENT WRITTEN COMPLAINTS

Stillman is committed to providing a living and learning environment in which complaints are responded to promptly and professionally with maximum protection to all parties. As part of its commitment to creating a supportive and wholesome environment, the College adheres to ethical and responsible management procedures and views student complaints as providing an opportunity to educate, as well as review and improve its policies and practices.

If students feel that they have experienced unreasonable treatment, disadvantage, or distress, which they want to make a written complaint, they are encouraged to raise their complaint directly with the person(s) concerned. This is appropriate in matters where the student feels comfortable with making this approach, or where the complaint does not relate to allegations of unlawful behavior, illegal discrimination, or harassment.

Process for Handling Complaints

Depending on the nature of the complaint, it is directed to the relevant Vice President for review. Based on the review the Vice President may utilize one of the following options:

1. Take administrative action to redress the student complaint.

2. Seek additional information relevant to the student complaint.
3. Refer the complaint to the appropriate administrator or standard Judiciary Committee as outlined in the College Student Handbook.
4. At whatever level the matter is adjudicated, the student is informed in writing or in a formal meeting.

HAZING POLICY

Hazing, as defined by Section 16-1-23, Code of Alabama (1975), and as such section as may be amended from time to time, is prohibited at Stillman.

Additionally, for the purpose of this Code, hazing shall include any mental or physical requirement or obligation placed upon a person by a member of an organization, individual, or group of individuals, which would cause discomfort, pain, or injury including, but not limited to, striking, laying open hand upon, treating with violence, intimidation, or offering to do bodily harm to a person with intent to punish or injure the individual, or other treatment of a tyrannical, abusive, shameful, insulting or humiliating nature.

Further, hazing is any action taken or situation created, whether on or off College premises, to produce mental or physical discomfort, embarrassment, harassment, ridicule or intimidation. Hazing is also considered to be the creation of a situation which results in, or might result in, mental or physical discomfort, embarrassment, harassment, ridicule or intimidation, including involuntary servitude often called “personal favors,” paddling in any form, creation of excessive fatigue, late work sessions which interfere with scholastic activities, any traditional form/expression of Fraternity/Sorority exhibitionism, and other activities which are not consistent with fraternal law, ritual, policy or regulations of Stillman. Both individuals and organizations may be held accountable for such activity, which could include expulsion.

Knowledge and failure of chapter, members, applicants, or candidates for membership to report immediately in writing any hazing violation by members, applicants, or candidates may also result in disciplinary action being taken against individuals and organizations.

The Office of Student Affairs enforces this policy and will not condone hazing of any student at the College. All members and individuals seeking membership in Greek-letter organizations must sign a form refusing to engage in or allow himself/herself to be subject to hazing. The form is obtained in the Office of the Vice President for Student Affairs.

Chapter Presidents, Intake Educators and Alumnus/Alumnae Advisors must sign the form indicating that they have read and understand the Hazing Policy and Intake/Initiation Practices, and that their signatures attest that their organization follows and adheres to the Policy and all local, state and federal laws.

I. D. CARD USE

1. I.D. Cards are not transferable. Therefore, students may not lend them to others or use the I.D. card of another person. Should this occur, there will be a \$15.00 fine per student (i.e., lender and borrower), in addition to other disciplinary action.
2. Lost or stolen I.D. Cards should be returned to the Office of the Vice President for Student Affairs.
3. To obtain a new I.D. Card the student must pay a Duplicate I.D. fee of \$20 to the Business Office.
4. I.D. Cards must be provided to attend Colleges-sponsored/campus activities and to use Hay College Center facilities when indicated.
5. I.D. cards should be carried at all times and must be presented to on-campus police officers or College officials upon request.

LAPTOP COMPUTER USAGE

In the classroom, laptops are to be used only for note taking or activities directed by the faculty in that classroom. If you use them for any other purpose, e.g., work for other faculty, web surfing, game playing, or communicating with others, you will be asked to close down your computer, and leave the room. In the computer labs, you should observe the College policy on Computer Usage.

LIABILITY

The College is not responsible for the loss or theft of or damage to the personal property of students. Any such occurrences, however, should be reported promptly to Campus Police for an official report.

MEASLES/MENINGITIS POLICY

Effective Spring semester 1991, all students will be required to provide to the College documentation of their having had two (2) measles vaccinations. Stillman also requires that all new/transfer students present documentation of a meningococcal (meningitis) vaccine.

Students failing to comply with the policy will not be permitted to enroll at the College, until the requirement is met. Students who present formal documentation of medical or religious exemption are excluded from the provisions of this policy.

MISSING STUDENT POLICY

Anyone who believes a student to be missing for a period exceeding 24 hours should immediately report his or her concern to Stillman's Campus Police (205-366-8927). Reports of a missing student should be made to one of the following Stillman College officials:

- Chief of Police (205) 366-8927
- Vice President for Student Affairs (205) 366-8838

In compliance with the Federal Higher Education Opportunity Act, federal law, 20 U.S.C § 1092j, a student may identify an individual to be contacted by the College not later than twenty-four (24) hours after the time circumstances indicate that the student may be missing. The student should notify the Emergency Contact that he or she has been designated as an Emergency Contact. For students under age eighteen (18) and not emancipated, Stillman is required to notify the custodial parent not later than twenty-four (24) hours after the time the student is determined to be missing. For detailed investigative procedures, contact the Office of the Vice President for Student Affairs.

MOTOR VEHICLES

Cars must be registered with the Chief of Police. Each operator must possess a valid driver's license, show proof of vehicle registration and liability insurance, and purchase a decal. There is a decal fee of \$35 per year (September 1 to August 31). There will be a \$15.00 late fee for all decals purchased after specified date. The decal must be appropriately displayed on the vehicle. The following regulations must be observed:

1. Parking is permitted in designated areas only.
2. Parking zones must be observed 24 hours a day without exception.
3. Reserved parking spaces must be observed at all times.
4. The maximum speed limit on campus streets is 10 miles per hour unless otherwise posted.
5. All "STOP" and "SLOW" signs are to be observed.
6. Reckless and careless driving is forbidden on campus.
7. Movement of traffic along the campus where College streets are not provided is forbidden.

Stillman is committed to equal opportunity in employment and education and does not discriminate on the basis of race, color, gender, religion, national origin, sex, age, or against qualified handicapped persons, disabled veterans, or veterans of the Vietnam era, as identified and defined by law. Inquiries concerning this policy should be directed to the College Compliance Officer located in the Batchelor Building, Room 205, (205) 247-8150, and lgoins@stillman.edu.

ON-LINE POSTING

Students are reminded that pictures and information posted on the Internet via programs such as Facebook, Instagram, Twitter, and other social media platforms are public information. Pictures or information from these sources that describe or document behavior that are brought to the attention of the College and which reasonably suggest

that behavior violating College policy has taken place, on campus or at a College-sponsored function off-campus, is subject to further investigation and verification by the College. Any College policy violations that are documented as a result of such an investigation will result in appropriate disciplinary action by the College.

PETS AND ANIMALS

Pets and animals, with the exception of certified service animals, are not allowed on the campus.

Service Animals

In accordance with the revised Americans with Disabilities Act (ADA) regulations (2011), service animals are permitted in Stillman College facilities for persons with documented disabilities. The ADA defines a service animal as a dog that is individually trained to work or perform tasks for the benefit of an individual with a disability (including physical, sensory, psychiatric, intellectual, or other mental disability). The work or tasks must be directly related to the handler's disability. Examples include, but are not limited to, guiding individuals with impaired vision, alerting individuals with impaired hearing to intruders or sounds, or pulling a wheelchair. Service animals that meet the ADA definition are permitted to accompany an individual with a disability to class, services, activities, programs, field trips, or residences. However, service animals must be under the handler's control at all times, be housebroken, in good health, and current with all appropriate vaccinations. Documentation of the service animal's vaccinations, training, and health status must be in the Student Development Center, the Student Affairs Office, and other campus offices. In addition, service animals may wear a harness, identification tag, or other gear that readily identifies its working status. The service animal may be licensed from an approved training program or have a current license and tags from local authorities. Handlers are held responsible for any property damage. The handler is also responsible for cleanup of animal waste.

Any service animal may be removed from campus either temporarily or permanently if it becomes disruptive, unruly, or in ill health. For example, a service animal that displays aggressive behavior towards people may be excluded. Service animals whose sole function is "the provision of emotional support, well-being, comfort, or companionship" are not considered service animals under the ADA. Questions related to the student use of service animals on campus should be directed to the Student Development Center 205-349-4240 ext. 3420 or to towashington@stillman.edu.

POSTERS AND SIGNS

The general policy governing posters and signs is as follows:

1. All posters, signs, pictures, and lettering of any kind must be displayed on Bulletin Boards. They may not be affixed to walls, windows, or doors.

2. The Office of the Director of the Hay College Center and the Vice President for Student Affairs should approve all posters and signs displayed on Stillman property.
3. Content of posters and signs must be neat, legible, spelled correctly, and in good taste. Any posters or signs considered inappropriate will be removed.
4. Posters and signs must bear the name of the sponsor (s).
5. Posters and signs should be removed within twenty-four (24) hours after the event. Failure to do so may result in penalties including but not limited to, non-approval of posters and signs submitted for approval in the future and Student Activity based fines.

PSYCHIATRIC WITHDRAWAL

In the event that a possible emotional or psychiatric disorder results in a student engaging in behavior that is potentially harmful to him/herself and others, or otherwise renders him/her unable to follow the College's Student Code of Conduct the following steps may be taken:

1. The Vice President for Student Affairs or a designee shall counsel with the student and the student's parent/legal guardian in order to try to affect a voluntary withdrawal and a prompt referral to a psychiatric facility for evaluation and treatment.
2. The College has the right to have an outside, independent psychological evaluation made of the student's fitness to continue as a member of the College community.
3. Where agreement cannot be reached, the student shall be notified in writing (except in emergency situations) of the time and place of a meeting by the College.
4. An informal meeting will be held. A family member or another person of the student's choice from within the College community may accompany the student. The final decision will be based on medical and psychological evidence and or documented evidence of dangerous behavior.
5. Where a determination is made that withdrawal is appropriate, a statement of the reason for the decision will be forwarded to the student's parent/legal guardian.
6. Fees will be refunded according to the policies stated in the College catalog.
7. The withdrawal will be recorded in the student's permanent record as a medical withdrawal.

8. In emergency situations, the college reserves the right to act outside the normal process and to act in accordance with its best judgment for the benefit and health of the student and for the best interest of the College and its students.

RAPE

Because rape is everyone's concern, it is important for all Stillman students to know where to turn for help and what to do if she/he or a friend is raped. Whether the rapist was a stranger, acquaintance, close friend, or date, there are certain services a student needs. All services to sexual assault survivors are confidential with the exception that physicians and hospital personnel are required by law to report rapes to the police. It is the survivor's choice, however, whether to talk to the police.

Regardless of any physical injuries, the student should have a physical exam. The examination will gather semen, saliva, hair fibers, etc. that may be helpful in a legal case. The exam will also check for venereal disease and pregnancy.

The student may obtain a medical exam at the emergency room at DCH Regional Medical Center. The decision of where to go should be based on whether the student wishes to pursue legal actions against the assailant. The physicians at the Emergency Room at DCH or Northport Hospital DCH are trained to perform a medical examination in which the physical evidence of the assault is collected and preserved for legal action.

If the student is in an unsafe area, she/he should move to a place of safety. If the student is on campus, she/he should immediately contact campus police (205) 366-8927 and or the Tuscaloosa Police Department. Attacks that occur off-campus should be immediately reported to the nearest law enforcement agency. If the student is in the residence hall, she/he should contact the Student Formation and Community Life Manager on duty, Campus Police and city police.

After the Rape a student should do as follows:

- Do not brush teeth or gargle.
- Do not shower.
- Do not douche.
- Do not change clothes.
- If you have changed clothes, bring them with you to the hospital.
- Clothes must be placed in brown paper bags. Do not use plastic bags. The clothes may be stained with blood or semen, which will make for good evidence.
- Also bring a change of clothes.

If the student needs transportation to DCH Regional Medical Hospital or Northport Hospital DCH, she/he should contact campus police at (205) 366-8927.

The College has a Title IX Coordinator and other personnel who can provide counseling, advising, and referral services. The Title IX Coordinator is located at Stillman College,

Batchelor Hall, can be contacted at 205-349-4240 ext. 8894 The student may also contact off-campus resources including Turning Point Domestic Violence/Sexual Assault Services at (205) 758-0808. Turning Point's phone number is (205) 758-0808 and is answered 24 hours per day.

RELATIONSHIPS

The College discourages intimate and financial relationships between its employees and students. Such relationships are expressly forbidden when the context for the relationship is instruction, coaching, employment, mentoring, or other relationships wherein students are a captive audience. These regulations apply to opposite sex and same sex relationships. Students should avoid contact or conversations with employees that a reasonable person might construe as a prohibitive relationship. Appropriate sanctions will be taken against persons who violate this policy.

SEXUAL HARASSMENT

Stillman reaffirms the principle that its students, faculty, and staff have a right to be free from sex discrimination in the form of sexual harassment by any member of the academic community. No employee or student at Stillman shall be subjected to sexual harassment. Sexual harassment will not be condoned.

Sexual harassment is defined as an attempt to coerce an unwilling person into a sexual relationship; to subject a person to unwanted sexual attention; to punish a refusal to comply; to create a sexually intimidating, hostile, or offensive working or educational environment. Sexual harassment is understood to include a wide range of behaviors, from the actual coercing of sexual relations to the unwelcome emphasizing of sexual identity. The definition will be interpreted and applied consistent with accepted standards of mature behavior, academic freedom, and freedom of expression.

Sexual harassment in any situation is reprehensible; it is particularly damaging when it exploits the educational dependence and trust between students and faculty. When the authority and power inherent in faculty relations to students, whether overtly, implicitly, or through misinterpretation, is abused in this way, there is potentially great damage to individual students, to the persons complained of, and to the educational climate of the institution. While a particular interaction must be offensive and nonconsensual to be defined as harassment, faculty members and other individuals in positions of authority should be sensitive to the questions of mutuality of consent that may be raised and to the conflicts of interest that are inherent in personal relationships where professional and educational relationships are also involved.

Sexual harassment is unacceptable conduct at Stillman and shall subject the offender to possible disciplinary action up to and including suspension or dismissal.

Individuals who believe they have been sexually harassed may obtain redress through the established procedures of the institution. Complaints about sexual harassment will be responded to promptly and equitably. The right to confidentiality of all members of the academic community will be respected in all procedures, insofar as possible. This policy explicitly prohibits retaliation against individuals for bringing complaints of sexual harassment. Formal procedures will not be initiated without a written, signed complaint.

Any individual who feels that he or she is being sexually harassed is encouraged to initiate a formal complaint to the administrative officials set forth below: Students with complaints of sexual harassment against faculty members and staff members in academic

departments, divisions or support units should contact the Vice President for Student Affairs or the Vice President of Academic Affairs. Students participating in internships, field/practicum placements, student teaching, or similar academic experiences in settings off campus should report complaints of sexual harassment to the College faculty member providing supervision or to the Vice President for Academic Affairs. Complaints of sexual harassment outside academic departments, divisions or support units should be addressed to the Vice President for Student Affairs.

Employees should report complaints of sexual harassment to the unit leader in the administrative division in which they are employed or to the Human Resources Director who also serves as the personnel officer and as a reporting channel for complaints of sexual harassment for all College employees.

Individuals who believe for any reason they cannot effectively communicate their concerns or complaints through the above channels may consult the Title IX Coordinator, Dr. Bettye Mullen, at 205-349-4240 ext. 8894 or bmullen@stillman.edu.

The College will disseminate information periodically on sexual harassment to students, faculty, and staff members through workshops, bulletins, brochures, College staff, student newspaper and College handbooks.

Stillman College is a tobacco-free/vape free campus. The use of tobacco products in College-owned buildings, on College property or within College-owned vehicles is prohibited. This policy applies to students, employees, and visitors to our campus. For the purposes of this policy, tobacco is defined as any type of tobacco product that is smoked or masticated including, but not limited to, cigarettes (commercial or handmade), cigars, cigarillos, black and milds, pipes, hookahs, and chewing tobacco. Vaping and juuling are also prohibited. Organizers and attendees at events, such as conferences, meetings, public lectures, social and sporting events, using Stillman College facilities will be required to abide by the College's Tobacco Policy. GREEK CHAPTERS

Stillman has traditionally hosted chapters of eight national Greek-letter organizations on the campus. Since their founding after the turn of the 20th century, African-American fraternities and sororities have made significant contributions to the human development process. Existing often in hostile educational and social environments at their home campuses, Black Greek-lettered organizations have extended for their members and for the broader community a constructive tradition. This tradition has included academic support, bonding in extended families, community service, and the promotion of ideals and values that have aided personal and group development. At Stillman, this proud tradition has also included involvement at all levels with activities and programs of service to the College and the student body in general. The Greek-letter organizations include: Alpha Kappa Alpha, Alpha Phi Alpha, Delta Sigma Theta, Kappa Alpha Psi, Omega Psi Phi, Phi Beta Sigma, Sigma Gamma Rho, Zeta Phi Beta, and Iota Phi Theta.

4. All students interested in joining a Greek, Non-Greek, Club or Organization must participate in a Mandatory Awareness Seminar (held in the fall of academic year) sponsored by the Office of Student Life.

STUDENT RECORDS

I. Introduction

Stillman, for many years has subscribed to the American Association of Collegiate Registrars and Admissions Officers (AACRAO) ethical principles for confidentiality of student records. These principles are published in “An Adequate Permanent Record and Transcript Guide.” AACRAO, January 1959 and “College and University,” AACRAO, Fall 1971. The College has recognized the right of privacy of student records by requiring requests for transcripts to be in writing, by providing limited directory information, and by exercising strict control over storage of and access to records.

The Family Education Rights and Privacy Act of 1974, a part of the Education Amendment of 1974, has made it necessary for the College to modify its previous policies on the confidentiality of student records. The following sections of this document specify policies and procedures for the definition of student educational records, the retention of those records, and the allowable disclosure of student records.

II. Definitions

- A. Eligible Student—Any person who is enrolled or who has previously enrolled at Stillman. Persons who have applied for admissions or who have been admitted but never matriculated are not students of Stillman.
- B. Parents of Dependent Students—Dependency status, for the purpose of this policy statement, is defined in the Internal Revenue Code of 1954, Sec. 152. Basically, the test for this status is whether or not for tax purposes the parent will be able to claim the student as a dependent for the current year.
- C. Education Records—Those records, files, documents, and other materials that contain information directly related to the student and that are maintained by Stillman or by staff members acting for the College. Operational records such as student class schedule cards, registration information forms, drop/add slips and the like will be destroyed on an established schedule. Education records do not include: (1) records of institutional, supervisory, administrative personnel which are in the sole possession of the maker and which are accessible to any other person except a substitute, (2) records of Security Personnel which are maintained solely for security officials and which “are not made available to persons other than

security officials and jurisdiction,” (3) records of College employees who are not in attendance at the College, (4) students’ records that have been made and/or maintained by physicians, psychiatrists, psychologists, or for the purpose of providing treatment or other remediation. Such records can be reviewed by a comparable professional or paraprofessional of the student’s choice.

D. Directory Information—Certain information may be made available on Stillman students without the previous consent of the student. However, the student is entitled, during the regular registration period, to request such information not be made available to the general public. Directory information consists of the student’s name, address, telephone number, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency of institution attended by the student.

III. Custodian of Records

College personnel responsible for the educational records of students; the Vice President for Academic Affairs, the Vice President for Student Affairs, the College Registrar, and the Director of Financial Aid. Each of these persons shall have available a listing of records kept in their individual offices. At least annually, students will be notified of the types of records, the names of custodians of records, policies for reviewing and expunging records, access policies, challenge procedures, cost of reproducing copies of records, and the categories of directory information.

IV. Access to Records

Records on individual students may be disclosed under the following circumstances:

A. Student Requests—any student enrolled at Stillman has the right to request the opportunity to examine his or her record as maintained in any of the offices on the College campus. The request must be made in writing and the office concerned has 45 days in which to assemble the data and make provisions necessary for the student to examine the record. Examination of the records must either take place in the presence of a College official or for a reasonable fee the student may receive a copy of the records. The following records will not be disclosed to students:

- (1) Financial records of the parents of the student or any information contained therein;
- (2) Confidential letters and statements of recommendation that were placed in the file prior to January 1, 1975, so long as those letters and/or statements are used solely for the purpose for which they were specifically intended;

- (3) Letters of recommendations to which the student has waived his or her right to access.
- B. Request by Parents—Parents of dependent students as defined earlier in the statement of policy have the right to examine the record of their dependent students. The same procedure and time frames apply to parental requests as to student requests. In both instances of student and parental request for record disclosure, those requesting the record must bear the expenses of reproducing the records. No parent may see a record that his or her dependent child is not entitled to see.
- C. In addition, without first obtaining the permission of the student or the parents, student records are available to certain individuals, agencies, and institutions.

These are:

- (1) College officials including instructors who have legitimate educational interest reviewing the record;
- (2) Officials of other schools or colleges in which the Stillman student seeks or intends to enroll;
- (3) “Authorized representative of (i) the Comptroller General of the United States, (ii) the Secretary, (iii) an administrative head of an education agency,” and “State education authorities”
- (4) The Financial Aid Office or any other appropriate office or person in connection with application for or receipt of financial aid;
- (5) “State and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to State statutes adopted prior to November 19, 1974.”
- (6) Organizations that conduct validation studies on predictive tests, administering student aid programs, and improving instruction. Such studies must be conducted in such a manner that the personal identification of individual students or parents cannot be made public.
- (7) Accrediting organizations in order to carry out their accrediting functions;
- (8) The courts by court order or subpoena on the condition that the student is notified of the order of subpoena in advance of sending the records; and
- (9) Appropriate persons in emergency situations, if the knowledge of the records is necessary to protect the health and safety of the student or other persons. The following factors will be taken into account in determining whether information will be given in emergency situations:
 - a. The seriousness of the threat to health or safety of the student or other individuals;
 - b. The need for the information to meet the emergency;
 - c. Whether the parties to whom the information is disclosed are in a position to deal with the emergency; and
 - d. The extent to which time is of the essence in dealing with the emergency

V. Procedures

Access to the records by students and parents of dependent students may be gained by written request, specifying the records to be released, the reason for their release, and to whom. The request must be signed and dated. After examination of the records it is possible for the student to challenge entries and add factual, explanatory information to their records. This challenge does not give the student the right to question the appropriateness of a grade, but instead, does allow for the examination of the correctness of the recording of the grade, which has been given by the instructor. If the College does not amend a record as requested, the student will be notified and informed of the right to a hearing. Results of hearings will be given in writing to eligible students according to procedures, which shall include:

- (1) Hearings will be conducted within a reasonable time frame;
- (2) Parents and/or eligible students will be given notice of date, place, and time of hearing;
- (3) The hearing will be conducted by an official of the institution, named by the Vice President for Academic Affairs, who does not have a direct interest in the outcome of the hearing;
- (4) Parents and/or eligible students can present evidence relevant to the issue and may be represented by individuals including attorneys; and
- (5) Decisions will be given in writing in a reasonable period of time and will be based solely on evidence presented at the hearing.

The College must keep a log of all parties, other than College employees, who have requested or obtained access to a student's records. This log will contain the reason why access was requested. The log will not be made available to anyone other than the student and College employees.

Any time information concerning the student is transmitted to a third party; the party must be notified that it is illegal under the Family Educational Rights and Privacy Act of 1974 to share the information with anyone else without written permission from the student.

STUDENTS WITH DISABILITIES

Stillman complies with 504 at 34 C.F.R. Section 1044.44. Any student with a disability, who is requesting accommodation(s), is responsible for declaring the disability, documenting it, and requesting appropriate accommodations. Documentation of the disability must be recent (within three years of the student's entry into Stillman) and must be on file at the College before an accommodation can be considered. The Office of Disability Services, located in 212 of Johnson Robinson, coordinates services for students with disabilities.

If ODS guidance or assistance is needed at any stage, students or faculty should contact Mrs. Tomalisa Washington via email at towashington@stillman.edu or call the ODS Office at 1-205-366-8817 ext. 3420.

The College reserves the right to request additional documentation, testing, and to determine what accommodations will be made. Students should present documentation at least one month prior to requesting an accommodation from the College. Information obtained will be released to faculty, staff, and administrators involved in providing services to students with disabilities. The College will consider all requests for accommodation on an individual basis.

SUICIDE

Stillman recognizes the need to be proactive in its education of the community regarding suicide and to provide appropriate services/referrals to community members who might endanger themselves. A student who expresses suicidal ideation or who attempts to harm her/himself will be assessed and referred to an outside care agency. Parents/guardians will be notified of any verbal/physical threats. In instances where the student's mental/physical health precludes return to classes, a College withdrawal will be initiated. Upon receipt of the withdrawal form, the withdrawal request will be processed.
